The Point Hotel conforms to International Standards

The Point Hotel is pleased to advise that following our recent upgrade of safety and IT systems we are now in line with International safety requirements - a standard that South African tour operators are pursuing in order to maintain healthy relationships with their European counterparts.

Smoke detectors, compliant with UK and European standards, have been installed in all of our bedrooms and public areas, as well as a Fire Siren at our Front Desk. All emergency exits have been upgraded with panic push bars allowing for ease of exit.

The hotel telephone system has been upgraded with new telephones in all rooms and our Wi-Fi access has been expanded to cover the entire hotel building. Vouchers can be purchased online or at Reception, with these vouchers being redeemable at all venues where you see the Always On logo.

MTN and Cell C, have also in the run up to the World Cup, upgraded their boosters to ensure adequate network coverage for overseas and local travelers within the hotel building.

WORLD CUP PERIOD - AVAILABILITY

Despite brisk booking for this period we are pleased to advise that we still have availability for the World Cup period. Mossel Bay's temperate climate and wide range of activities (www.visitmosselbay.co.za) - make it the perfect winter destination! The stunning location of the 4-star Point Hotel, next to the ancient Cape St Blaize Cave, will make it the highlight of your stay. All of our luxury en-suite rooms have sea views with private balconies.

Within walking distance of the hotel, we have no less than seven fine restaurants - including our own very popular *The Lighthouse Restaurant* - which specializes in locally caught, fresh seafood.

The Hotel also overlooks the longest natural rock pool on South Africa's coastline - which is a fabulous place for safe sea-water swimming. Winter is also the best time for whale- and dolphin watching - so you can lie in bed and watch them from your sea-front room or you can walk along the 12 km Cape St Blaize trail (which begins at the hotel and follows a contour path along the cliffs above the Indian Ocean).

This makes The Point Hotel <http://www.pointhotel.co.za/> the perfect Winter destination for tour groups and independent travellers alike," said Mr. Harris
